INSURANCE PAYMENTS – EXTENDED GRACE PERIOD

New Jersey is currently under a Public Health Emergency related to the COVID-19 pandemic. Recognizing that our insureds may be experiencing financial difficulties, we want you to know that your premium grace period is being extended for a period of 60 days. This will allow you more time to make your payments and keep your important insurance coverage. We will not impose any penalties or interest for the delayed payments. During this extended grace period, we will not cancel your insurance coverage for nonpayment of premium.

This extended grace period is intended to be applied to premiums due after the initial premium has been made to secure coverage. It is not intended to change the terms of your policy/certificate or be considered a forgiveness of the premium.

CATCHING UP ON OVERDUE INSURANCE PAYMENTS

Once the emergency grace period ends, we will allow you to spread out the missed payments over the course of six months, but not to exceed the remaining months of your policy/certificate, if needed. Failure to repay unpaid premiums will result in termination of your coverage. You will be notified when premium payments are again due.

POLICYHOLDERS AND CERTIFICATE HOLDERS SUBJECT TO GRACE PERIOD EXTENSION

The extended grace periods described above apply to policyholders and certificate holders that were in good standing on March 1, 2020. You may elect this 60-day extended grace period to begin retroactively on April 1, 2020 or May 1, 2020.
